Mayco Quality Pledge

All Coloramics' products are designed and factory tested to meet our standards of quality and performance. We guarantee that every product we ship will perform in accordance with our recommended usage guidelines and we will replace any product that is proven defective because of manufacture at no cost.

It is the responsibility of the end user to determine the suitability of a product for any non-standard use.

We strongly recommend the test firing of glazes and/or application techniques new to the user, especially in commercial applications where large production quantities are involved.

Product Labeling

All Coloramics glazes are submitted to an independent certified toxicologist for proper labeling in accordance with standards set by the American Society for Testing and Materials (ASTM), reference ASTM D-4236. We strongly urge that users read all labels as well as visit our website for more specific information on each product. Some verbiage and signage you will find on the label:

AP Certified Non-Toxic:

Products bearing the AP seal of the Art & Creative Materials Institute, Inc. (ACMI) are certified non-toxic. These products have undergone a toxicological evaluation by a medical expert and have been determined to contain no materials in sufficient quantities to be toxic or injurious to humans (including children) or to cause acute or chronic health problems. These products are certified by ACMI to be labeled in accordance with the chronic hazard labeling standard ASTM D-4236.

Caution Label:

Products bearing the CL seal of the Art & Creative Materials Institute ("Caution Label") contain ingredient(s) that are toxic or hazardous, but can be used safely with appropriate caution and according to label directions. (Not intended for use Pre-K- Grade 6.)

Certified Non-Toxic:

Products bearing the Certified Non-Toxic seal have been reviewed by a toxicologist and deemed to have no health risk associated with the proper use of the product.
